

CURRICULUM VITAE

Name: Elizabeta Veljanoska - Sarafiloska

Home Address: "Bul.Turisticka 2LB1-21, 6000
Ohrid, Republic of Macedonia

Business Address: Hydrobiological Institute, Naum
Ohridski 50, 6000 Ohrid, Republic
of Macedonia

Tel.: Home: + +389 46 250 168;
at work: (tel./fax) + 389 46 231
050 (+389 46 262 910)

E-mail address: betisaraf@yahoo.com

Date and place of birth: August 16, 1971; Ohrid

Marital status: married, two children

Citizenship: Macedonian

Nationality: Macedonian

Education

- 2011 **PhD of chemistry science;** Institute of chemistry, University "Cyril and Methodius" Skopje, Thesis: "*Chromatographic investigations of the organochlorine pesticides in water and sediments in Lake Ohrid, Lake Prespa and Lake Dojran.*"
- 2004- Doctoral Degree of Chemistry sciences: University of Cyril and Methodius Skopje, Institute of chemistry, "Chromatographic investigations of the organochlorine pesticides in water and sediments in Lake Ohrid, Lake Prespa and Lake Dojran." Doctoral program, 2004-
- 2002 - **Master of science;** Faculty of Technology and Metallurgy, Skopje, University "St. Cyril and Methodius". Thesis: "*Nitrogen and phosphorus loading in lake Ohrid influenced by rivers Velgoska and Koselska*".
- 1997 - 2002 - Postgraduate studies: **Biotechnology;** Institute of Biotechnology and food technology. Faculty of Technology and Metallurgy, Skopje, University "St. Cyril and Methodius". **Field of study:** Food technology
- 1991 - 1996 - Studies of Technology: **B.Sc. engineer,** Food biotechnology, "Faculty of Technology and Metallurgy, Skopje, University "St. Cyril and Methodius".
- 1986 -1990 - High Bio-tehnological School , "St. Kliment Ohridski", Ohrid

Working experience

- 2015- Senior Research fellow at the Hydrobiological Institute**, Department of physico-chemistry
- 2012 – 2015 Research fellow at the Hydrobiological Institute**, Department of physico- chemistry
- 2002-2011 Assistant Researcher at the Hydrobiological Institute**, Department of physico-chemistry
- 1998-2002 Young Assistant at the Hydrobiological Institute**, Department of physico-chemistry

Skills and Qualifications

- Microsoft Office, Adobe Photoshop, CorelDraw, Internet
- Fluent in Macedonian and English

Job responsibilities:

- Estimation of water quality in some parts in littoral region of Lake Ohrid, Lake Prespa and Lake Dojran on the basis of the physical and chemical parameters.
- Physico-chemical investigations of wastewater quality and of surface water quality which are used for water supply.
- Determination of organochlorine pesticides in water, sediment and fish tissue.
- Physico-chemical investigations on all reservoirs (artificial lakes) in Macedonia
- Work with instruments:
 - GC 3800,
 - Saturn 2100 T GC/MS,
 - Spectrophotometer, Zeizz, UV-VIS, model SPECORD 10
 - Spectrophotometer, Perkin – Elmer, UV-VIS model Coleman 55

All this are "VARIAN" instruments, and I passed basic training.
I have four month intership in Novi Sad

International Experience:

Internship in R. Serbia: Faculty of Natural Science and Mathematics; Chemistry Department; University of Novi Sad, 2004

Projects

- Limnological investigations of the Great Natural Lakes in Macedonia I & II". Ministry of Science of Republic of Macedonia (2000-2002) (As participant)
- The Problems of pollution of the Great Natural Lakes in Macedonia. Ministry of Education and Science of Republic of Macedonia (2002-2004). (As participant)
- Trophic degree investigations of southern littoral part of the Lake Ohrid. Ministry of Science of Republic of Macedonia (2000-2002) (As participant).
- Anthropogenic influence to the water quality in the northwest part of Lake Ohrid, Radozda-Struga. Ministry of Education and Science of Republic of Macedonia (2000-2002). (As participant).

- Influence of anthropogenic factor and tributaries on trophic state of the Lake Prespa. I & II. Ministry of Education and Science of Republic of Macedonia (2000-2001 and 2004-2006). (As participant)
- Influence of "St. Naum Springs" and River Cerava to the trophic state of Lake Ohrid. Ministry of Education and Science of Republic of Macedonia (2000-2002). (As participant)
- Pursuance of the water trophic degree in the south littoral zone of Lake Ohrid. Ministry of Education and Science of Republic of Macedonia (2004-2006). (As participant)
- Investigation of nutrient loading of Lake Ohrid in experimental conditions. Ministry of Education and Science of Republic of Macedonia (2004-2006). (As participant)
- Limnological investigations of Lake Ohrid. Ministry of Education and Science of Republic of Macedonia (2004-2006). (As participant)
- Cage growing of Lake Ohrid carp *Ciprinus carpio* in the Reservoir Slatino, KC Belcista". MAFW (2000-2001). (As participant)
- Subaquatic springs in ancient Lake Ohrid-Assesment of ecological importance and anthropogenic change, SCOPES” , Aquatic Research – EAWAG, Swiss Federal institute of Science and Technology, Kastanienbaum, Switzerland and Hidrobiological Institute, Ohrid, Macedonia, (2006-2009). (As participant)
- DRIMON Project: Interdisciplinary assessment of water resource management in two transboundary lakes in about Eastern Europe. Norway project for researches of Great Lakes of Europe (2007-2009) (As participant)
- Heavy metals and pesticides in sediments from littoral zone of the Macedonian part of Lake Prespa and in muscle tissue in prespa barbell (*Barbus prespensis* Karaman). Ministry of Environment (2008). (As participant)
- Spatial and temporal changes in the planktonic communities as key factor for the trophic state of Lake Ohrid. Ministry of Education and Science of Republic of Macedonia (2009 – 2011). (As participant).
- Water quality monitoring and fish population management in Strezevo Reservoir (2009-2011) (As participant).
- Investigations of loading rate in the course of River Velgoska- the biggest danger to Lake Ohrid trophic state from Macedonian side. Ministry of Education and Science of Republic of Macedonia (2009 – 2011) (As participant).
- Water quality monitoring and fish population management in Strezevo Reservoir Ministry of Education and Science of Republic of Macedonia (2009-2011) (As participant).
- Transboundary fish and fisheries management plan for Prespa Lakes Basin. UNDP 2011 (As participant).
- Study of physico-chemical and biological indicators at the Macedonian part of Lake Ohrid littoral zone from St. Naum area to outflow at Struga aiming the estimation of existing trophic state. Ministry of Education and Science of Republic of Macedonia (2010-2012) (As participant).
- Developing Ecological Tools according to the European Water Directive (2009 – 2011) (As participant).
- Population-genetic structure of the *Chondrostoma* genus (Pisces, Cyprinidae) in Prespa-Ohrid-Drim system. Ministry of Education and Science of Republic of Macedonia (2010-2012). (As participant).

- Scientific Collaboration on Past Speciation Conditions in Lake Ohrid – SCOPSCO (2013), (expert for physico-chemical monitoring).
- GIZ Project: Conservation and Sustainable Use of Biodiversity at Lakes Ohrid, Prespa and Skadar (CSBL) (2012-2014) (expert for physico-chemical monitoring).
- Common Support Structures for the Quality Monitoring of Water Resources and the Protection of Public Health. IPA Cross-border Programme "Greece-The former Yugoslav Republic of Macedonia.(2012-2014) (expert for physico-chemical monitoring).
- Restoration of Prespa Lake ecosystem (2013-2016), expert for physico-chemical monitoring).

Applied:

1999 - 2003 **Lake Ohrid Conservation Project**, financed by GEF grant and World Bank as an executive agency.

Publications:

Participation in congresses, conferences and symposia:

1. M. Jordanoski, L. Lokoska, **E. Veljanoska**: Troffic state of the litoral pojias of macedonian part of the Ohrid Lake for period 1996-1998 , XVI congress of chemists i technologists of Macedonia, Skopje October 1999.
2. V. Mitic, M. Jordanoski, S. Patceva, **E. Veljanoska**: Biological and chemical researches of water quality in the central part of the Lake Ohrid in spring period of 1999 year , XVI congress of chemists and technologists of Macedonia, Skopje October 1999.
3. M.Jordanoski, L.Lokoska, **E. Veljanoska-Sarafiloska**: "Comparative investigations rivers-littoral for the water quality of the Macedonian part of the Prespa watershed in the period 2001-2003", XIII Congress of Chemists and Tehnologists of Macedonia, September, 2004; Book of abstracts
4. **E.Veljanoska**, M. Jordanoski, L. Lokovska: State of water of the Ohrid lke in Grasnica and Daljan region, VI council " Water Management of Macedonia, Ohrid 21-23. 05.1999, zbornik na trudovi, 113-121.
5. **E. Veljanoska**, M.Jordanoski, L.Lokoska: Ohrid lake water condition in Grasnica and Daljan regions. Water Management of Macedonia. VIth Conference.27-29 May, 1999, 113-121;
6. Momcula T. Jordanoski, **Elizabeta Veljanoska**, Rumena B. Markoska: Physicho-chemical characteristics of the Lake Ohrid of the Ohrid's near territory, The 28th Annual Conference of Yugoslav Water Pollution Control Society "Water Pollution Control'99".

7. Jordanoski M., Mitic V., **Veljanoska E.**, Patceva S: Water researches of "Sv. Naum" springs outflow and river Cerava in function of loading of that segment in the Ohrid Lake, Water Management of Macedonia. VIth Conference", Struga 01-03. 06.2000,
8. Mitic V., M. Jordanoski, S. Patceva, **E. Veljanoska**: Determination of the water quality of outflow water of the Ohrid Lake at Struga region. VII council " Water Management of Macedonia. VIIth Conference ", Struga 01-03. 06.2000;
9. Momcula T. Jordanoski, Rumena B. Markoska, **Elizabeta Veljanoska**: "Quality of Lake water at the coastal region mouth of River Sateska - outflow River Crni Drim", The 29th Annual Conference of Yugoslav Water Pollution Control Society "Water Pollution Control 2000"
10. Vasa Mitic, Momcula Jordanoski, Suzana Patceva, **Elizabeta Veljanoska**: Water quality in the pelagic zone of Lake Ohrid during summer period of 1998", The 29th Annual Conference of Yugoslav Water Pollution Control Society "Water Pollution Control 2000".
11. Momcula Jordanoski, **Elizabeta Veljanoska-Sarafiloska**: "Lake Prespa, watershed - Lake water comparison investigations", The 30th Annual Conference of Yugoslav Water Pollution Control Society "Water Pollution Control 2001"
12. Momcula Jordanoski, **Elizabeta Veljanoska-Sarafiloska**: Antropogen factor and water quality of the rivers of Prespa confluence area, Water Management of Macedonia. VIIIth Conference, Struga 25-27. 10. 2001;
13. **Elizabeta Veljanoska-Sarafiloska**, Momcula Jordanoski: Phisyo-chemical characteristics of the litoral part of the na Ohrid Lake in the Struga town region" Water Management of Macedonia. VIIIth Conference ", Struga 25-27. 10. 2001;
14. M.Jordanoski, T.Naumoski, **E.Veljanoska-Sarafiloska**, 2002: Physicochemical investigations of Lake Ohrid and its tributaries. Hydrobiological Institut. Limnological investigations of Lake Ohrid vol.1&2 :6-40. Ohrid
15. Momcula Jordanoski, **Elizabeta Veljanoska-Sarafiloska**.: "St.Naum springs water quality and lake littoral in front", XII Congress of chemists and technologists of Macedonia, program and abstracts, Skopje 2002;
16. Momcula Jordanoski, **Elizabeta Veljanoska-Sarafiloska**: "Loading rate of the rivers and their influence of Lake Prespa trophic state", XII Congress of chemists and technologists of Macedonia, program and abstracts, Skopje 2002;
17. Momcula Jordanoski, **Elizabeta Veljanoska-Sarafiloska**: Water quality at Sv. Naum springs and Lakes litoral in front of them, Review Published by PSI Hidrobiological Institute-Ohrid; Ohrid 2002; 5-10.

18. Momcila Jordanoski, **Elizabeta Veljanoska-Sarafiloska**: River level of loadness and its influence vlijanie on the trofic state of Prespa Lake, Review Published by PSI Hidrobiological Institute-Ohrid; Ohrid 2002; 11-18
19. M. Jordanoski, L. Lokoska, **E. Veljanoska-Sarafiloska**: "Water quality of the litoral of macedonian part of Lake Ohrid in investigation period 2001", The 31th Annual Conference of Yugoslav Water Pollution Control Society "WATER 2002".
20. L.Lokoska, M. Jordanoski, **E. Veljanoska-Sarafiloska**: Mikrobiologic and physicho-chemical investigations of Lake Prespa during 2001 year", The 31th Annual Conference of Yugoslav Water Pollution Control Society "WATER 2002".
21. Patceva S., V. Mitic, M. Jordanoski, E. Veljanoska-Sarafiloska: Trophic state of littoral region of Lake Ohrid in front of the inflows of river Cerava", Review Published by PSI Hidrobiological Institute-Ohrid; Ohrid 2002; 73-82.

International Conference on Zoology. 50 Years Department of Zoology, University of Plovdiv. (Poster presentation). Book of Abstracts, 8-10. October. 2012
76. **Elizabeta Veljanoska-Sarafiloska**, Suzana Patceva, Lence Lokoska: Trophic status of reservoir "Strezevo", Republic of Maceonia. 5th International Symposium of Ecologists of Montenegro, The book of abstracts and programme, 02-05. 10. 2013, Tivat (poster presentation)
77. Patceva, S., **Veljanoska-Sarafiloska**, E., Lokoska, L.: Investigations of the loading rate in the course ofRiver Velgoshka and its influence on the trophic state of Lake Ohrid. 5th International Symposium of Ecologists of Montenegro,

The book of abstracts and programme, 02-05. 10. 2013, Tivat (poster presentation)

78. **E. Veljanoska-Sarafiloska**, M. Jordanoski, T. Stafilov: Presence of DDT metabolites in water, sediment and fish muscle tissue from Lake Prespa, Republic of Macedonia. *Journal of Environmental Science and Health. Part B* **48**. 1-12, (2013),
79. Susanne C. Schneider, Magdalena Cara, Tor Erik Eriksen, Biljana Budzakoska Goreska, Alma Imeri, Lirika Kupe, Tatjana Lokoska, Suzana Patceva, Sonja Trajanovska, Sasho Trajanovski, Marina Talevska, **Elizabeta Veljanoska Sarafiloska**: Eutrophication impacts littoral biota in Lake Ohrid while waterphosphorus concentrations are low. *Limnologica* **44** (2014) 90– 97 IF
80. **Elizabeta Veljanoska-Sarafiloska**, Trajche Stafilov and Momchula Jordanoski. Organochlorine pesticides in water, sediment and muscle fish tissue samples from the littoral zone of Lake Ohrid. PSI Hydrobiological Institute-Ohrid, Review, 43(1), (2015), 1-18
81. S. Vasilevska, **E. Veljanoska-Sarafiloska**, State of water from littoral part of the Ohrid Lake based on physico-chemical parameters during 2013/2014 year, Review, PSI Hydrobiological Institute, Ohrid, 43 (1), 19-31 (2015).
82. J. Leshoski, **E. Sarafiloska-Veljanoska**, S. Vasilevska, S. Patceva, Trophic status of the Prespa lake in 2014 year, Review, PSI Hydrobiological Institute, Ohrid, 43 (1), 64-71 (2015).
